

New Member Benefit through the Partnership of Integrated Services Group and Enterprise Fleet Management.

Vehicle acquisition, funding programs, risk management, reporting, vehicle disposal, maintenance programs, fuel management, fleet cards and more.

Let Enterprise save your company

\$3,000 – \$5,000 per vehicle.

Integrated members are eligible, whether you are a large or small contractor. Integrated Services Group and Enterprise Fleet Management have joined hands with manufactures to use the economies of scale. We have created huge rebate programs eligible to all. Enterprise will analyze your operating cost from acquisition through disposal and much more. Call one of the Enterprise representatives below to discuss current options and how annual cost can be decreased with proactive fleet management.

Starting up.

Enterprise Fleet Management will analyze your current fleet operations. Based upon your specific needs, a variety of services will help you quickly and easily establish a cost-effective fleet program aimed at reducing all fleet-related costs.
